Dear Parent/Guardian:

Over the past few years, the West Windsor-Plainsboro Regional School District has been increasing its use of technology. We now offer information in Infinite Campus, our online student information system, and through the district web site and cable television stations. We use technology to share achievements, accomplishments, and programs relating to students and staff.

We are required by the State of New Jersey to ask permission from parents/guardians to post student information on the web site and cable television programs. Hence, we need written permission from you to effectively share news about students with parents, students, staff, and the community.

In the operation of WW-P web site, cable television stations, and student information system, we strive to create an appropriate balance between the potential risks and the great benefits of celebrating and sharing the accomplishments of our students. State regulation and district practice require that we ask permission to use student information in district publications, local media, and cable television station programs and on the district web site. ***Please complete the form below and return to your child's school.***

Sincerely,

Victoria Kniewel, EdD, Superintendent of Schools
